**ROCK
LITITZ**

ROCK LITITZ CAMPUS

Rock Lititz is a unique production community with dozens of leading vendors in live event production, streaming, and film. All located on one campus, Rock Lititz promotes creativity and innovation through an environment custom designed for industry professionals. With resources ranging from education to design, manufacturing through production space and beyond, Rock Lititz is a one-stop-shop to collaborate on any event experience.

ACCESS

Close access to over 30 top industry vendors, like Clair Global, TAIT, 4Wall, CM-ET, Pyrotek and more.

RESOURCES

Plenty of support resources available on campus, with the help of Tour Supply, Yamaha, Stray Production Services and others.

TRAINING

Specialty, general industry and leadership training available on site from recognized providers, to keep every crew at its best.

GROWING

This state-of-the-art campus is always growing, now includes Hotel, gyms, restaurants, parks, and even a brewery.

**ROCK
LITITZ**

THE STUDIOS AT ROCK LITITZ

The Rock Lititz Studios are purpose-built production facilities for live events of all kind. With excellent access from New York, Baltimore, Washington D.C., and Philadelphia, The Studio is located on the state-of-the-art Rock Lititz Campus, an innovative hub for the entertainment industry. With proximity to dozens of top vendors, this purpose-built production community strives to provide everything your show needs, all on one campus. Committed to providing an unparalleled experience, tall and strong Studio 1 will soon be joined by matching Studio 2 at Rock Lititz.

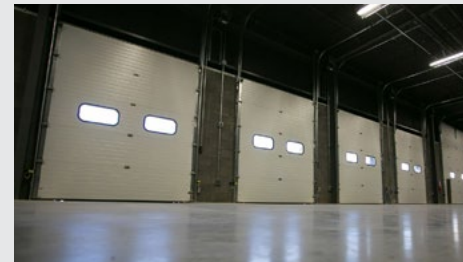

SPACE

30,000 sq ft of uninterrupted floor space, running 240'x125', with 3200 amps of available power.

STRENGTH

80 ft grid height with a capacity of 500 tons and a mirror etch into the floor, for ease in rigging.

ACCESS

4 loading docks and a 16'x'16' door for drive-in access only 20 ft from studio floor (plus, plenty of truck parking!)

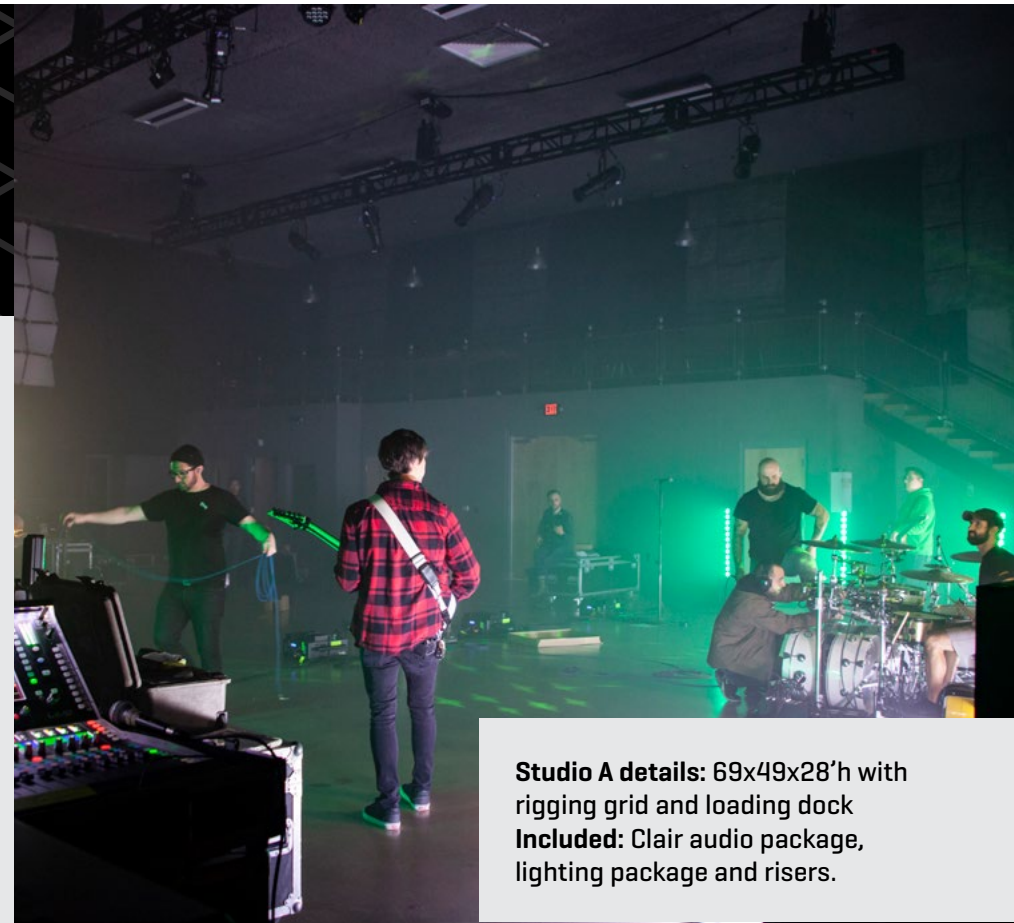

HOSPITALITY

Full amenities, including in-house catering, dressing rooms and offices, plus bonus rehearsal room.

ROCK LITITZ

SMALL STUDIOS AT ROCK LITITZ

The Studios at Rock Lititz are purpose-built production rehearsal facilities located on the Rock Lititz Campus, along side over two dozen production vendors, offering a one-stop-shop for collaboration on engaging and efficient events of all sizes. In addition to larger spaces, the Rock Lititz Community vendors are now able to offer a variety of additional smaller spaces to serve a variety of new clients in streaming, film, smaller productions, virtual events and more. Studio A at Rock Lititz is ideal of supporting club and theatre sized acts, and creative new projects.

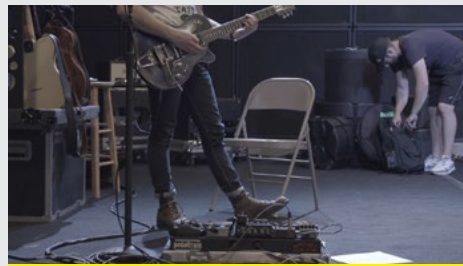

Studio A details: 69x49x28'h with rigging grid and loading dock
Included: Clair audio package, lighting package and risers.

SERVICES

Committed to providing unparalleled customer service, Studio A is prepared to help with a wide variety of rehearsal needs. An on-site manager is available to help coordinate with local vendors, ranging from gear rentals to hotels, car rentals and more.

EQUIPMENT

Custom equipment packages available. Rock Lititz can help source local staging and risers, pipe and drape, backline, supplies, video screens, additional lighting and sound, motors/truss, pyro, scenic upgrades, logistic support, tour bus rental, editing services, and even more.

RESOURCES

Get unique access to over a dozen local vendors, including backline from Clair Global, storage from Rock-It Cargo, motor packages from CM-ET, video from ChoiceLIVE, drapes from ATOMIC, and more. The Rock Lititz Campus is a one-stop-shop for any event.

PLENTY MORE

A variety of other on-campus resources, including Tour Supply, music store, gym, bike shop, access to medical team, and even an on-site brewery!

EXPERTS IN EXPERIENTIAL TECHNOLOGY

At the heart of each of our divisions lies a focus on creating exceptional experiences for those who seek them. Whether we're providing immersive audio for thousands of concert goers, virtually connecting live audiences to your favorite talk show, or integrating the most advanced technology solutions into the finest sports venues around the world, we strive to boldly advance technology-driven experiences.

LIVE PRODUCTION

We are extraordinarily familiar with what it takes to produce a live event - after all, we've been doing it since 1966. Tireless hours go into ensuring that the client can focus on their craft and the audience experiences something exceptional. We are constantly pushing boundaries, meticulously focusing on every detail, and safeguarding the integrity of every production. This is the passion that drives us.

SYSTEMS INTEGRATION

This division is best known for cutting-edge integrated technology, but fundamentally, we are contractors who understand the ins and outs of the construction world. Clair Global's Integration division is laser-focused on engaging in projects that inspire our incredible team of experts. Complex and interesting challenges allow us to provide our clients value with experience-driven solutions.

PRODUCT MANUFACTURING

Built on a tradition of excellence and integrity, it is our aim to craft the world's highest quality audio products. Focusing on an impeccable attention to detail, we don't rest until our customers experience the pinnacle of audio performance and become a part of the Clair family.

DIGITAL MIXING SOLUTIONS

Since DiGiCo started in 2002 it has always had a strong connection to Lititz, mainly thanks to working closely with Clair Global on numerous tours as the audio console manufacturer. This allowed us a front row and back stage pass from the inception of Rock Lititz to community it has become today, so when the stars aligned and we had an opportunity to move from visitor to resident we leapt at the chance of being part of the future...

YOU are the **ESA**.

Event Safety Alliance® (ESA) is a non-profit membership driven organization dedicated to promoting "life safety first" throughout all phases of event production and execution. We help event professionals and their guests be **Empowered**, **Safe**, and **Aware** of the reasonably foreseeable risks around them through programs such as:

- Leadership-level safety education
- Introductory safety training for live event professionals
- Severe weather contingency planning workshops
- Safety standards and guidance development
- Crowd safety training
- Domestic and international outreach and advocacy

ESA strives to put Life Safety at the cultural heart of our industry. Won't you join us?
